ENTERPRISE & BRAND QUALITY PRODUCTION

PROMOTIONAL PRODUCTS DECORATION

ECOMMERCE INTEGRATION & DROPSHIPPING

GLOBAL FULFILLMENT, NO MINIMUMS, EVER!

OUR COMMITMENT TO QUALITY

All product printed by Digital on Demand is FDA, BPA, and California Prop 65 Compliant. Unless otherwise noted, each piece is printed using Helix technology or InkCups Flatbed UV Inkjet Technology to achieve full-color (CMYK+W) decoration with a high gloss varnish finish. Pre-treatment is provided for all products to ensure strict adherence to the ASTM D3359-09 scratch and tape test. Laser etching and engraving with the top-tier, cutting-edge lasers on the market.

Blanks: EVERCoat & OMNICoat

Riva Tumblers Blanks

Keeps the temperature of your drink

We offer various innovative coatings for metal drinkware blanks, enabling printing without the need for prior priming and achieving exceptionally vibrant Long-lasting colors.

Variable pricing based on quantity ordered

VOLUME	20 OZ.
WEIGHT	0.9 LBS
COLORS	Black, White, Navy, Stainless Steel
DIMENSIONS	HEIGHT 6.7" X RIM 3.4" X BASE 2.9"
COVER	CLEAR THUMB SLIDE LID
CONSTRUCTION	SEAMLESS VACUUM INSULATED DOUBLE WALL
COMPLIANCE	FDA COMPLIANT, BPA FREE

Purpose-Built Efficiency: Developed in late 2022, **Ever-Coat** revolutionized printing on powder-coated tumblers by removing the need for flaming or wiping.

Time-Saving Design: While jettable primer is required, **Ever-Coat** shortens the process, allowing teams to grab and print.

Proven Success: Trusted by companies to simplify production, Ever-Coat is the go-to solution for efficient, durable printing.

Forefront of Innovation: The latest product from DOD, **Omni-Coat** removes the priming process altogether drastically shortening production while maintaining lasting durability.

Decoration Methods

At Digital On Demand, We Bring All Decoration Methods In-House, Ensuring Seamless Execution And Reliable Quality For Every Project. From Sampling To Delivery, We're Here To Provide Innovative Solutions Tailored To Your Needs. Let Us Take Your Hardgoods To The Next Level With Our Advanced Decoration Techniques!

Cylindrical UV Inkjet Printing

Cylindrical UV inkjet printing delivers vibrant, durable full-color designs on curved surfaces with precision and sustainability. Ideal for:

- Drinkware like tumblers, water bottles, shot glasses, and pint glasses
- Custom branded items such as shampoo bottles, cans, and containers

This seamless, zero-waste technology ensures eye-catching results while supporting eco-friendly practices, perfect for both small and large orders.

Flatbed UV Inkjet Printing

Our UV flatbed technology enables vibrant, durable, full-color decorations on a wide range of products, including:

- Wall art
- Bottom-printed rocks glasses
- Corporate items like pen holders, coasters, pens, and bottle openers

This versatile method ensures stunning, customizable results.

Laser Engraving

Laser engraving has transformed our decoration capabilities with precision and versatility. Key features include:

- Frosted Finishes: Elegant textures on glass and other surfaces.
- Custom Shape Cutting: From ornaments to intricate keychains and earrings.
- Versatile Designs: Standalone or combined with inkjet for endless creative options.

We offer wide variety of production methods, while our specialty is UV inkjet and Laser Engraving we also offer sublimation
